ENHANCEMENTS

Boost your infusion or utilize these enhancements as a pick-me-up between infusions. *(Add one or more)*

VITAMIN ADD ON | \$30

B-12, B-Complex, Vitamin C, Zinc, Biotin, Amino blend, Magnesium, L-Carnitine, Glutamine, Taurine, Lysine, L-Arginine

ENGYSTOL | \$35

A floral extract that has scientifically been shown to decrease the duration and severity of illness. If you are well, it helps to raise immune defenses to prevent illness.

ANTI-INFLAMMATORY (KETOROLAC) | \$35

Reduce inflammation to decrease pain in stiff joints or achy muscles.

ZOFRAN | \$30

Get instant relief from nausea due to sickness or migraine headaches.

GLUTATHIONE PUSH | \$45

Known as the “Master Antioxidant.” Fights free-radical damage and works as a potent anti-inflammatory which contributes to a strong immune system.

EXTRA HYDRATION | \$45

Replenishes electrolytes, restores fluid balances and reduces acidity. Provides detoxification support by flushing out toxins. Will increase the total time of the infusion.

NAD 100MG | \$250

Frequently called “The Fountain of Youth.” This add-on can slow aging, improve cognitive brain function, memory, mental clarity, energy, metabolic function and mood support.
